Date	19 th April 2023
Target Audience	Sanskrit Association Students and Research and Development Cell Students
Resource Person	Dr. S Hayavadana Upadhya, Retired English Professor
Number of Participants	127
Detailed report	A special lecture program on Research Methodology was held on April 19 in collaboration with Research and Development Cell and Department of Sanskrit. Retired professor Dr. Hayavadana Upadhya, who was the chief guest of the program, said that the work of research should be continuous. A researcher should think in scientific terms. Their choice should be researched with interest and not done on the spur of the moment. He opined that positive development should be found through research. The program was presided over by the principal of the college, Dr. NP Narayan Shetty. Dr. Yashavanthi K, Coordinator of Research and Development Cell and Head of Sanskrit Department, welcomed and gave an introductory speech.
